

NOW THE SHADES OF NIGHT ARE GONE

1. Now darkness time night true gone,
Now morning light comes.
Lord, let us become yours today:
Darkness belong sin now chase-away.

2. Fill our souls with heavenly light,
Take-away doubt and make clean our seeing.
In your worship, Lord, today
Help us labor, help us pray.

3. Keep our proud hungers quiet,
Save us from our enemies around;
Going-out and coming-in
Keep us safe from every sin.

4. When our work for life finished,
Lord, accept us then at-last!
Night full sin no-more continue
When we arrive our home in heaven. Amen
