

ALL YE WHO ON THIS EARTH DO DWELL

1. All we on here earth now live
Give thanks and glory
To Lord, HIS praises always offer
Same as angels sing.

2. Lift-up our hearts with praise to God
HIMSELF best gift to us
HE works HIS wonders all around
Supporting big and small.

3. Since first our life began
HE continues keep our body
And when man's strength fails
HE for our help comes.

5. God gives life to our weak souls
Gives happy hearts to people
And when great troubles come
HE pushes trouble away.

7. While we live here on earth
God is our saving health
And when from earth to heaven we go
May HE our Savior remain. Amen
