

FOREVER WITH THE LORD

1. Forever with Lord
Amen, let happen
Life from dead true in that word
True life forever.
2. Here in body bound
Separate from him wander
Every night move near
To heaven home near.
3. My Father's house in heaven
Home belong my soul,
Very near sometimes through faith
I see heaven's gate.
4. Then my spirit hunger.
Arrive land I love
Bright inheritance belongs HIS people
In god's city in heaven.
5. Forever with Lord
Father true YOU want
YOU promise in YOUR Word
Now here, stay close to me.
6. Stay near me Lord
Then I never fail
Support me and I will stand
Fight for me and I will win.
7. When my dying breath
Open heaven for me
Through death I will escape from death
And life eternal gain.
8. Knowing God same HE know me
How-much I love that Word
And often say again before throne
Forever with Lord. Amen
